Over 200 guests meet in Bangkok for Morison KSi conference

The first international/Asia Pacific Morison KSi conference took place in Bangkok, Thailand on 10-13 November.

The successful conference combined a varied business and social programme with the principle focus on networking and uncovering business opportunities.

The conference welcomed a number of high-profile speakers including well-known author and speaker, Fredrik Haren whose keynote "One Company. One World" was extremely well received. Nidhi Kush Shah from Alchemy Consulting, provided an excellent session on inter-cultural communication and awareness.

Other sessions included sharing success stories on member collaboration, association updates and the ever-popular speed networking.

The agenda also included interactive Common Interest Groups (Audit and Accounting, Corporate Finance, Marketing and Tax) which as always were extremely popular with delegates.

In addition to the professional programme, guests enjoyed a variety of social activities, including dinner at one of the highest rooftop bars in the world and a team-building day where guests worked together to navigate their way around the city, completing a series of team challenges. The conference finished with a special gala dinner where guests enjoyed a sumptuous Thai banquet.
